Dear Ms. Browning,

It is my understanding that official documentation is needed to verify that The Texas Girls School CDN 246803 is a public school in Texas. Title 19, Texas Administrative Code (TAC), §100.1001 defines a charter school as a “Texas public school operated by a charter holder under an open-enrollment charter granted either by the State Board of Education (SBOE) or commissioner of education, whichever is applicable, pursuant to TEC, §12.101, identified with its own county district number. The Texas Girls School is an open enrollment charter school that was approved by the commissioner of education on June 28, 2024, and is considered a public school in the state of Texas.

School districts and open-enrollment charter schools receive accreditation statuses annually. The Texas Girls School’s most recent Accreditation status was Accredited. To learn more about the accreditation system, please visit the Texas Education Agency (TEA) website at <http://tea.texas.gov/accredstatus/>.
